Are you looking for a way to recognize a high school senior that sparkles as a good citizen? The DAR Good Citizens Award is a wonderful way to reward and encourage that young person who exhibits the qualities of good citizenship in their home, school and community.

The DAR Good Citizens Award program is open to any high school senior enrolled in a public or private school accredited and in good standing with their state board of education. Each school may honor only one student. Each school's winner will receive a certificate, pin and wallet recognition card from the chapter (available from the DAR Store).

All school winners are then eligible and encouraged to participate in the DAR Good Citizens Scholarship Essay Contest. One scholarship winner from each chapter will be entered in the KSDAR Scholarship Contest.\* The winner of the KSDAR Good Citizens Scholarship Essay Contest will receive a \$1500 scholarship and DAR Good Citizens pin and will be entered into the division level contest.

How do you find the next local, state or national winner? Begin by distributing information and forms to your local schools as soon as possible! The current forms can be found on the NSDAR Members website under the Committees tab, DAR Good Citizens.

\*NOTICE: The winners' packets must be received by me as state chair by December 15, 2023. Please mail the original essay and documents along with three copies of each.
