**The Committee Leaders Course** focuses on the aspects of committee leadership and helps chairs learn all about how to become an effective leader, set goals, plan events, and work effectively with their team. If you are a committee member, it gives you a better understanding of the committee.

Whether you are a committee member, a new or experienced chapter, state, national chair or vice chair, you are guaranteed to learn something new from this course! You complete the 17 webinars and accompanying worksheets in sequential order, then pick 3 of the committee workbooks that encourage you to delve into all the available resources. You will then plan a fictional chapter service project or event (please obtain approval prior to starting). Unlike the Members course, you do not have to host the event; but the planning process will prepare you for any future chapter project.

It is recommended you take the Members Course first to become familiar with DAR and how to access information on the website. *It is required to have a current subscription to the American Spirit Magazine.*

All of the DAR Leadership Training Courses have been designed to fit into everyone's busy schedule. You work at your own pace and will submit each module to me as you complete them.

If you would like more information or to sign up for the course, please email or phone me. I will then send you instructions on how to proceed.
