Hello Kansas Daughters,

Are you ready to play ball with the KSDAR genealogy team? “Genealogy is a Team Sport!”

We are here to help you. Are you assisting a Prospective Member as she steps up to the plate, after gathering her first three generations of documents? Is she still digging in her bag looking for a lost shoe aka that ONE document? On third base after being called out by the genie? We can help you reverse the call. We are here to help you get her around the bases and on the scoreboard with her DAR National Number.

We are also here to help you add more scores to your own scoreboard. There is supplemental assistance for both registrars and members.

I have the honor of serving as the executive liaison for the listed committees.

- DAR Project Patriot
- Lineage Research
- DAR Genealogy Preservation
- Volunteer Genealogists
- State Application Team
- State Supplemental Mid-Level Review Team
- Application Task Force
- Credentials in cooperation with the State Treasurer.

DAR has provided us with awesome webinars, resources, and assistance on the members.dar.org site. I recommend that you familiarize yourself with the NSDAR Genealogy Guidelines. They are searchable and separated into three parts.

RGG-4000 Part one: Guide for Chapter Registrars, [RGG-4000.pdf \(dar.org\)](#)

RGG-4001 Part two: Completing the Application and Proving Lineage, [RGG-4001.pdf \(dar.org\)](#)

RGG-4002 Part three: Service, [RGG-4002.pdf \(dar.org\)](#)

The Genealogical Research System (GRS) is an invaluable resource for completing applications and supplementals. Check out the Ancestor, Descendants and Members sections, they are vital to finding the most recent generation required for our applications and supplementals.

It is truly a privilege to serve the Kansas Daughters as your State Registrar during the Kline Administration. Excited to *Celebrate Stars & Stripes Forever* as we enjoy our Legacy of Liberty.

Linda K.
